Money Bath – Wealth & Flow Activation

This bath aligns you with the frequency of abundance and prosperity. It helps stagnant financial energy begin to move again and activates wealth, flow, and opportunity. Businesses, ideas, and plans regain momentum and magnetic attraction.

Your energy shifts from lack to receptivity, allowing opportunities to find you more effortlessly.

☞ Recommended when money, success, or flow feels blocked or stagnant.

Aura Cleansing Bath – Energetic Reset

This bath deeply cleanses your aura, chakras, and entire energetic field. It removes low-vibrational energies, energetic attachments, and anything that does not belong to you but has remained in your field. Blockages dissolve, your energy begins to flow freely again, and you return to your natural frequency. This bath also works protectively: people and situations that are not aligned with your path naturally fall away, while what is truly meant for you can reach you more easily. You may experience deep mental calm, emotional clarity, and physical relaxation.

☞ **Ideal for fatigue, restlessness, energetic overload, or after intense interaction with others.**

Love Bath – Heart & Magnetic Alignment

This bath gently opens and softens the heart chakra.

It aligns you with the frequency of love. Love for yourself, for life, and for connection. You become energetically magnetic, not by seeking, but by resonating.

Old emotional wounds, guardedness, and self-rejection are released, allowing love to flow freely from within outward.

☞ For self-love, relationships, and attracting healthy, aligned connections.
